Digital Still Camera

PRODUCT HIGHLIGHTS

- Adjustable LCD screen enables you to view and take great pictures from multiple angles.
- 16.1 Megapixel resolution with 5x Optical Zoom means your images and video will always have brilliant detail – from far away and any angle.
- Access a host of creativity features on the brilliant 3" LCD touch screen display.

Shoot every view from any angle.

Capture images from amazing angles with the Samsung MultiView. Easily tilt the revolutionary adjustable LCD screen from 0 to 180 degrees to ensure you get a great shot, even when your view is obstructed. Or adjust the LCD screen angle to capture a whole new perspective on an everyday moment. Coupled with a simple touch screen interface and 16.1 Megapixel image clarity, the Samsung MultiView is turning your world on its head, side and back.

Image sizes: 16M (4608x3456), 10M (3648x2736), 5M (2592x1944), 3M (1984x1488), 1M (1024x768), 12MW (4608x2592), 2MW (1920x1080), 14MP (4608x3072)

Voice recording: Mono

FEATURES

Dual Image Stabilization: Get brighter and more natural pictures, while also reducing the effects of image blur in lower light conditions.

HD Movie recording: Record movies in the palm of your hand.

Smart Touch 3.0: Touch, drag, click: the intuitive Smart Touch 3.0 is a quick and easy way to control the many advanced functions in Samsung's new line of compact cameras. Like a smartphone touch screen, just a few touches on the large, clear LCD screen lets you control app-style icons, flip through photos and more.

Smart Auto 2.0: Captures the perfect shot by first analyzing key composition elements and then selecting from 17 different photo and 4 different movie modes. Portrait, Night Portrait, Backlight Portrait, Macro Portrait, Night, Backlight, Landscape, White, Natural Green, Blue Sky, Sunset, Macro, Macro Text (with grid), Macro Color, Tripod, Action, Fireworks.

Smart Filter 2.0: Change the mood of stills and movies with special-effects filters, such as Half Tone Dot and Old Movie.

Face Detection: Your camera does the work for you by detecting and adjusting the lighting on up to nine different faces at one time.

Beauty Shot/Self Portrait: Position yourself in the frame, with dark circles and blemishes automatically removed.

Multi Slide Show function: Lets you arrange pictures into a slide show and add music.

Smart Crop: After shooting an item – such as a building or poster – at an angle, use the Smart Crop feature to alter the image to appear as if it were shot straight on. Simply select four crop points on the image, and it automatically reappears, recropped full frame, from the desired angle.

Magic Frame Shot: Now you can create artistic, framed photo postcards and posters right in the camera. First select one of the Magic Frame Shot templates, then take the shot. Both images will automatically be combined in a perfectly framed shot, ready to share with friends and family.

Intelli-Studio: Built-in advanced editing software gives you the freedom to play, edit and share files on any PC. Intelli-Studio even starts up automatically – simply plug into any PC via the USB input.
